

# Norwich Ranking

Posted on [March 20, 2016](#) by [Phil Holliday](#)

The first ranking event of the season was hosted on Saturday 19<sup>th</sup> March by the Norwich team led by Vinnie Zammit who put on a great day despite awkward wind conditions mixed with the occasional shower. With the wind predominantly blowing towards the control area it was always going to lead to some interesting racing around the windward mark. Despite many incidents the racing was conducted in a very friendly and professional manner with all incidents resolved on the course.

Credit to the Norwich club who provided sufficient help to assist in launch and recovery of the boats as well as observers throughout the day to keep the single fleet racing smoothly.

The racing was dominated from the start by Peter Stollery with his Uproar and after a total of 19 races with 3 discards Peter easily won the event with an impressive 18 points. The other podium places were not so clear cut with a close day long battle between the Guerrier brothers but despite picking up wins on the odd occasion when Peter faltered Tony, sailing his Quark, was just pipped for second place by Austin sailing his Prime Number with 51 and 50 points respectively.
